Youth Engagement Now | yen.transitionta.org

YEN Website Overview

The document titled "YEN Website Overview" provides a detailed layout of a website designed to engage youth with disabilities, highlighting key sections and features.

It starts by introducing the foundations of the website, which include disability training, awareness, and principles of diversity, equity, and inclusion (DEI). The document emphasizes collaboration, storytelling, leadership, and community building for youth and adult allies.

Key website sections include:

1. **About Us**: Featuring bios of both youth members and adult allies.
2. **YEN Talks Podcast**: Where youth and adults discuss engagement and sustainability topics.
3. **Youth Engagement Tools (YET)**: Resources to help youth with disabilities effectively participate in projects that lead to impactful change. Topic areas include: Foundations, Leadership, and Collaboration.
    - Featured resources for Foundation topics include how to find youth, training youth FAQs
    - Featured resources Leadership topics include code of conduct, the power of narrative for youth
    - Featured resources Collaboration topics include event budgeting, and communication strategies.

The document also provides guidance on how to navigate the site:

- A navigation pane on the left allows users to access various sections.
- Clicking on a section opens new tabs, allowing easy return to previous pages.
- Sections include videos and resources, and users can scroll through or click buttons to move to different sections or resources.

The structure and features focus on making the website accessible, resourceful, and easy to navigate for youth with disabilities and their supporters.
